

Tashen Rathnayaka

IT Executive | Network, Systems & Infrastructure

+94 70 508 4034 | info.tashenr@gmail.com | LinkedIn: [Tashen Rathnayaka](#)

Batapola Rd, Weragoda, Meetiyagoda

PROFESSIONAL SUMMARY

IT Executive with 3+ years of hands-on experience supporting and securing IT infrastructure for 250+ users. Experienced in Hyper-V virtualization, Active Directory/DNS/DHCP, Fortinet and OPNsense firewalls, site-to-site IPsec VPN and Cisco switching/routing. Completed Cisco CCNA coursework (ITN, SRWE, ENSA) and the IDET DevOps & TechOps (Infrastructure Engineering) program. Focused on reliability, security and proactive monitoring in both on-prem and remote environments.

TECHNICAL SKILLS

Networking & Security: Fortinet FortiGate (IPS, App Control, Web Filtering, SSL-VPN, HA, VLANs), OPNsense, Site-to-Site IPsec VPN (IKEv2), NAT/DNAT, Cisco Switching & Routing, Wireless/Point-to-Point Links, Endpoint Security (ESET, Kaspersky)

Systems & Virtualization: Windows Server, Active Directory, DNS, DHCP, Hyper-V, VMware, Ubuntu/Linux Administration, IIS, Veeam Backup & Replication, Synology NAS

Cloud & Collaboration: Microsoft 365, Entra ID (Azure AD), Exchange Online, Teams, SharePoint, Azure Cloud Management

Monitoring & Automation: Zabbix, Snipe-IT, PostgreSQL, Python Scripting, DevOps/TechOps fundamentals

Telephony & Support: 3CX VoIP, SMPP/SMS Gateway (Jasmin), Hardware Maintenance, CCTV, Printers, Remote Support (VNC, RDP, AnyDesk)

WORK EXPERIENCE

IT Executive | D.J. Trust Pvt (Ltd), Batapola, Sri Lanka

May 2023 – Present

- Maintain hardware, network and end-user systems for 250+ users, including routers, switches, structured cabling, printers and CCTV.
- Designed and deployed core server infrastructure on Hyper-V (Active Directory, DNS, DHCP), improving network reliability and centralized management.
- Implement and manage Fortinet firewall policies to secure the network perimeter and optimize traffic flow.
- Extended network connectivity to remote buildings using point-to-point wireless links, eliminating dead zones.
- Deployed Zabbix (network monitoring) and Snipe-IT (asset management) on Ubuntu Server to improve operational visibility.
- Provide on-site and remote technical support (VNC, AnyDesk, RDP) for hardware, printer and network issues.

KEY PROJECTS (TEAM CONTRIBUTOR)

OPNsense Firewall & Site-to-Site IPsec VPN

Sep 2026

- Configured IKEv2 IPsec tunnels with DPD and auto-reconnect, DNAT/port forwarding, Kea DHCPv4, and Zabbix agent monitoring, integrated with a FortiGate environment.

Jasmin SMS Gateway on Ubuntu Server

Sep 2025 – Dec 2025

- Deployed SMPP and HTTP connectors, PostgreSQL logging, Python automation for user/route management, and UFW server hardening.

Data Center Revamp

Feb 2025 – Apr 2025

- Contributed to Hyper-V cluster, new AD DS forest, Synology NAS storage, Veeam backup/DR, workload migration, rack optimization and structured cabling.

FortiGate 120G Firewall Implementation

Sep 2024 – Dec 2024

- Configured IPS, application control, web filtering, SSL-VPN, High Availability, VLAN/zone segmentation and centralized logging.

Endpoint Security (ESET / Kaspersky)

Oct 2024 – Present

- Deployed ESET Endpoint Security with centralized policies; assisted migration of 230+ endpoints to Kaspersky Security Center.

Microsoft 365 Deployment & Migration

Aug 2024 – Sep 2024

- Managed Entra ID users, Exchange Online mailboxes, MFA, Teams/SharePoint/OneDrive rollout and data migration.

ASP.NET Hosting & Virtualized UAT/Backup Servers

Aug 2024 – Nov 2024

- Supported IIS hosting with SSL/DNS on Windows Server (CloudCone) and Hyper-V UAT and backup VMs on HP ProLiant DL380 Gen9.

CERTIFICATIONS

Cisco – CCNA: Enterprise Networking, Security, and Automation	May 2026
Cisco – CCNA: Switching, Routing, and Wireless Essentials	Apr 2026
Cisco – CCNA: Introduction to Networks	Mar 2026
3CX – Basic Certified Engineer V20	Jan 2026
Cisco – Network Support and Security	Oct 2025
Fortinet – FortiGate 7.6 Operator	Jul 2025
Cisco – Junior Cybersecurity Analyst Career Path	Jul 2025
Cisco – IT Essentials	May 2025
Fortinet – Certified Associate Cybersecurity (valid to Jan 2027)	Jan 2025
Cisco – Network Technician Career Path	Jan 2025
NDG – Linux Essentials I & II; VMware HOL – Virtualization 101	2024
Digital credentials: Credly	

EDUCATION & TRAINING

IDET – DevOps & TechOps (Infrastructure Engineering) Professional Program	Jun 2026
Firewall Administrator Fortinet (FAC) The Vocational Training Centre, Dehiwala	Jul 2025
Microsoft Azure Certification Course Innovation Tech IT	Dec 2024
Network Administration With Security (DNA) The Vocational Training Centre, Dehiwala	Jul 2024
Diploma in Computer Hardware and Networking The Vocational Training Centre, Dehiwala	Jun 2021
Certificate of Cyber Security & Networking NextGen Campus, Nugegoda	Jun 2021
